The interim condensed consolidated financial statements of Kingsoft Corporation Limited (the "Company") were approved and authorised for issue in accordance with a resolution of the board of directors of the Company (the "Board") on 23 August 2012.

The Company was incorporated under the Companies Act of the British Virgin Islands on 20 March 1998. On 15 November 2005, it was redomiciled to Cayman Islands under the Company Law (2004 revision) of the Cayman Islands. The Company’s shares have been listed on The Stock Exchange of Hong Kong Limited since 9 October 2007.

The Company and its subsidiaries (collectively referred to as the “Group”) are principally involved in research, development and operation of games, information security services and other application services across devices.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

Basis of preparation

The interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard (“IAS”) 34 Interim Financial Reporting, issued by International Accounting Standards Board (“IASB”).

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s annual financial statements as at 31 December 2011.

Significant accounting policies

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31 December 2011, which have been prepared in accordance with International Financial Reporting Standards (“IFRSs”). The following amendments to IFRSs did not have any impact on the accounting policies, financial position or performance of the Group:

IAS 12 — Deferred Tax: Recovery of Underlying Assets (Amendment)

This amendment to IAS 12 includes a rebuttable presumption that the carrying amount of investment property measured using the fair value model in IAS 40 will be recovered through sale and, accordingly, that any related deferred tax should be measured on a sale basis. The presumption is rebutted if the investment property is depreciable and it is held within a business model whose objective is to consume substantially all of the economic benefits in the investment property over time, rather than through sale. Specifically, IAS 12 will require that deferred tax arising from a non-depreciable asset measured using the revaluation model in IAS 16 should always reflect the tax consequences of recovering the carrying amount of the underlying asset through sale. Effective implementation date is for annual periods beginning on or after 1 January 2012.
2. **BASIS OF PREPARATION AND ACCOUNTING POLICIES** (continued)

   **Significant accounting policies** (continued)

   **IFRS 7 — Disclosures — Transfers of financial assets (Amendment)**

   The IASB issued an amendment to IFRS 7 that enhances disclosures for financial assets. These disclosures relate to assets transferred (as defined under IAS 39). If the assets transferred are not derecognised entirely in the financial statements, an entity has to disclose information that enables users of financial statements to understand the relationship between those assets which are not derecognised and their associated liabilities. If those assets are derecognised entirely, but the entity retains a continuing involvement, disclosures have to be provided that enable users of financial statements to evaluate the nature of, and risks associated with, the entity's continuing involvement in those derecognised assets. Effective implementation date is for annual periods beginning on or after 1 July 2011 with no comparative requirements.

   The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

3. **OPERATING SEGMENT INFORMATION**

   For management purposes, the Group is organised into business units based on their products and services, and has three reportable operating segments as follows:

   (a) the entertainment software segment engages in research and development of games, and provision of online games, mobile games and casual game services;

   (b) the information security software segment engages in the research, development and operation of information security software, provision of information security service across devices, and provision of online advertising services; and

   (c) the other application software segment engages in the research, development and distribution of office application software, provision of office, cloud storage, cloud computation and dictionary services across devices, and provision of online advertising services.

   Management monitors the results of the Group’s operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit, which is a measure of adjusted profit before tax. The adjusted profit before tax is measured consistently with the Group's profit before tax except that finance income, finance costs, administrative expenses, share-based compensation costs, share of profits and losses of jointly-controlled entities and associates, other expenses and other income and gains are excluded from such measurement.

### 6. INCOME TAX EXPENSE

The major components of income tax expense in the unaudited condensed consolidated income statement are:

<table>
<thead>
<tr>
<th></th>
<th>FOR THE THREE MONTHS ENDED 30 JUNE</th>
<th>FOR THE SIX MONTHS ENDED 30 JUNE</th>

The People's Republic of China (the “PRC”) corporate income tax represents the tax charged on the estimated assessable profits arising in the Mainland China. In general, the PRC subsidiaries of the Group are subject to the PRC corporate income tax rate of 25% except for certain PRC subsidiaries which are entitled to tax holiday and preferential tax rates.

Hong Kong profits tax has been provided at the rate of 16.5% (six months ended 30 June 2011: 16.5%) on estimated assessable profits arising in Hong Kong for the six months ended 30 June 2012.

In accordance with Japanese tax laws, the income tax rate applicable to the Group’s subsidiaries in Japan was 41% for the six months ended 30 June 2012 (six months ended 30 June 2011: 41%).

The Group’s subsidiary in Malaysia was granted the Multimedia Super Corridor Malaysia Status (“MSC Malaysia Status”). Therefore the online games related activities of the subsidiary were exempted from corporate income tax for the period from April 2010 to December 2014.
7. Earnings Per Share Attributable to Ordinary Equity Holders of the Parent

The calculation of basic earnings per share amounts is based on the profit for the period attributable to ordinary equity holders of the parent, and the weighted average number of ordinary shares in issue during the period.

The calculation of diluted earnings per share amounts is based on the profit for the period attributable to ordinary equity holders of the parent. The weighted average number of ordinary shares used in the calculation is the number of ordinary shares in issue during the period, as used in the basic earnings per share calculation, and the weighted average number of ordinary shares assumed to have been issued at no consideration on the deemed exercise or conversion of all dilutive potential ordinary shares relating to the Group’s share option schemes and share award scheme into ordinary shares.

The calculations of basic and diluted earnings per share are based on:

(b) **Share Award Scheme**

On 31 March 2008, the directors of the Company approved and adopted a share award scheme (the “Share Award Scheme”) in which selected employees of the Group have been awarded the awarded shares (the "Award Shares") through their continued employment with the Group. The Group has set up a trust (the "Share Award Scheme Trust") for the purpose of administering the Share Award Scheme and holding the Awarded Shares before they vest. Unless early terminated by the directors of the Company, the Share Award Scheme is valid and effective for a term of five years commencing from 31 March 2008. On 25 November 2010, the directors of the Company resolved to extend the termination date of the Share Awarded Scheme from 30 March 2013 to 30 March 2017. The directors will not grant any awarded shares which would result in the total number of shares, which are the subject of awards granted by the directors of the Company under the Share Award Scheme (but not counting any which have lapsed or have been forfeited), representing in aggregate over 10% of the issued capital of the Company as at the date of such grant.

During the six months ended 30 June 2012, 7,242,000 shares (six months ended 30 June 2011: 2,370,000 shares) were awarded to a number of employees with vesting period of five years. No shares of the Company were acquired by the Share Award Scheme Trust during the six months ended 30 June 2012 and 2011.

The following table illustrates the number of and movements in the Company's Awarded Shares during the six months ended 30 June 2012 and 2011.

(c) Share Award Scheme adopted by Kingsoft Internet Security Software Holdings Limited (“KIS Holdings”)

On 26 May 2011 (the “KIS Adoption Date”), the directors of KIS Holdings, a subsidiary of the Company, approved and adopted a share award scheme (the “KIS Share Award Scheme”), in which selected employees of KIS Holdings and its subsidiaries (“KIS Group”) have been awarded the awarded shares (the “KIS Awarded Shares”) through their continued employment with the Group. Unless early terminated by the directors of KIS Holdings, the KIS Share Award Scheme shall be valid and effective for a term of ten years commencing on the KIS Adoption Date. The directors of KIS Holdings will not grant any award of shares which would result in the total number of shares which are subject of awards granted by the board of directors of KIS Holdings under the KIS Share Award Scheme (but not counting any which have lapsed or have been forfeited) being greater than 100,000,000 shares, as at the date of such grant.

For the KIS Awarded Shares granted under the KIS Share Award Scheme, the fair value of the KIS Awarded Shares is recognised as an expense and credited to equity over the period in which the vesting conditions (i.e., service conditions and/or performance conditions) are fulfilled.

The following table illustrates the number of and movements in the KIS Awarded Shares during the six months ended 30 June 2012 and 2011.

16. CAPITAL RESERVE

Changes in the Group’s ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amount of the non-controlling interests are adjusted to reflect changes in their relative interest in the subsidiary, and the difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received shall be recognised directly in equity and attributed to the owners of the parent. Such difference was recorded in the “capital reserve” in the condensed consolidated statement of financial position.

17. DIVIDENDS

A final dividend of HKD0.1 per ordinary share for 2011 was proposed pursuant to a resolution passed by the Board on 27 March 2012, and were approved by the shareholders in the annual general meeting held on 28 May 2012.

In return, the Selling Parties transferred all of the intellectual properties, user database, material contracts, fixed assets and key employees engaged in the Target Business to the Group. The transaction was closed on 24 January 2011.

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

TO THE BOARD OF DIRECTORS OF KINGSOFT CORPORATION LIMITED
(Continued into the Cayman Islands with limited liability)

INTRODUCTION

We have reviewed the interim condensed consolidated financial statements of Kingsoft Corporation Limited (the “Company”) and its subsidiaries (together the “Group”) set out on pages 4 to 25, which comprise the condensed consolidated statement of financial position as at 30 June 2012 and the related condensed consolidated income statement and the condensed consolidated statement of comprehensive income for the three-month and six-month period then ended, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the six-month period then ended and explanatory information. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and the International Accounting Standard 34 “Interim Financial Reporting” (“IAS 34”) issued by the International Accounting Standards Board.

The directors of the Company are responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with IAS 34. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing. Consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

In addition, our profit attributable to owners of the parent before share-based compensation costs may not be comparable to similarly titled measures utilized by other companies.

Deferred Revenue

Deferred revenue (including current and non-current portion) as at 30 June 2012 was RMB154.8 million compared to RMB181.5 million as at 31 December 2011. This decrease was primarily due to the sales promotion of prepaid card in the year end of 2011.

BUSINESS REVIEW AND OUTLOOK

Dr. Hongjiang Zhang, CEO of Kingsoft, commented, “We are pleased to report strong top and bottom line growths on a quarter-over-quarter and year-over-year basis for the second quarter of 2012. With quarterly revenue exceeding RMB300 million, we see a solid and healthy growth in revenue from all of our major business lines.”

Kingsoft Internet Security (“KIS”) business reached a new milestone in its monetization capability. Supported by the expanding user base of all product lines, the advertising revenue surged to a historical level. This milestone marks the successful transformation of KIS business. On 19 June, we officially launched our internet browser, codenamed Cheetah. We also launched a number of mobile applications, such as “China Survival Guide”, in the past quarter, that have gained overwhelmingly positive feedbacks.

In July, Kingsoft Japan launched a market campaign to promote the free model of Kingsoft Internet Security services in Japanese market aiming at expanding our user base in Japan.

Kingsoft WPS Office continued to deliver strong financial results in the second quarter of 2012. The monthly active user base of Kingsoft WPS Office has expanded over 30 million. On 29 July 2012, Kingsoft WPS Office for android jumped to the first place in the free “business” application category in Google Play. The latest worldwide statistics from Google Play shows that after having gained and retained the first place in the seven countries and regions, including Britain, Germany, Australia, and Taiwan, WPS Office for android also jumped to the first place in a number of major markets in July, including the United States, France, Canada, Singapore, and Hong Kong. The outstanding performances have demonstrated that WPS’s strategic transformation to mobile internet and expanding to international market has gained solid ground.

Our game portfolio has continued to grow and perform well in the second quarter of 2012. In particular, JX Online III has reached a historical record in term of popularity and revenue, thanks to the release of the new expansion pack, “Light Up The Fire (爛火燎天)”, in April, and the continued focus on improving user experiences. The release of our first summer expansion pack, “Wakened Dragon of Erhai (洱海驚龍)”, of JX Online III in July 2012 has further consolidated and enhanced the high popularity of the game. Also, JX Online World has demonstrated solid growth in the second quarter since the release of expansion pack, “Heroic Western Dragon (西域靈魂)”, in March.

The open beta testing of our new 3D MMO, “Legend of the Holy World (聖道傳奇)”, was started in July and has been well received by gamers. “Legend of Moon (月影傳說)” is targeting at commercial launch in September following the final round testing in April. In addition, “Ma La Jiang Hu (麻辣江湖)”, a Q version of 3D role-playing game, is scheduled for open beta testing later this year. To further extend our game pipeline, several web-games and mobile games are also under development in full swing, and one of which is planned for release in the second half of 2012. Overall, we will see a solid growth in both our existing and new games in 2012.

In our Kingsoft Cloud initiative, we continue to see the growth of user base of Kuaipan, our personal data storage service, resulting from continued improvement in user experiences and new features. We entered a strategic partnership with Skyworth TV to provide cloud storage service to Skyworth Cloud TV users. The partnership with Xiaomi has led to the release of personal data storage service on Xiaomi phones. We have also expanded and will continue to push our partnerships with application developers who develop mobile apps based on the open API of our cloud storage platform.

“With the impressive growth of JX Online III, our new games pipeline, the successful transformation and turnaround of KIS business, and the continued strong sales of WPS Office and its fast expansion into mobile devices, we believe we have laid a solid foundation for a successful second half of 2012.” Dr Zhang concluded.
